Exterior Cladding, Exterior Pavers, Interior Flooring, Interior Walls, Kitchen Counters, Other Counters

### Maintainance

Neolith surfaces are extremely resistant to scratching and abrasions and feature incredibly low porosity making it inherently stain resistant. Daily wear and tear are not a long term factor with Neolith and its natural composition lends to its UV resistance and high heat tolerance. Neolith resists harsh chemicals and cleaning agents such as bleach or ammonia but are not needed. For daily cleaning, just wipe away your mess with soap and warm water. Neolith is also NSF Certified safe for food contact giving you further peace of mind.
