

## AGGLOSIMPLEX GIALLO REALE - CLEARANCE

### Material

Marble

### Color

Beige, Brown, Orange, Taupe, Rust

### Stock Finishes

Polished

### Stock Sizes

Slabs - 3cm, 12x12 Tile

### Durability/Uses

Exterior Cladding, Interior Flooring, Interior Walls, Other Counters

### Flooring Application

SANTAMARGHERITA® carefully chooses the most valuable materials from nature itself. They are then processed with the latest technology to create marble collections that are perfect for embellishing and decorating interior finishes. Large contract projects include flooring, cladding, stairways, furniture tops, bathrooms and galleries.

### Maintainance

It is a precast material made of selected marble chippings: a collection of slabs showing the beauty of the most prestigious marbles. The uniformity of colour, the dimensional stability and high resistance to abrasion, shock and flexing make AGGLOSIMPLEX® ideal for residential applications as well as large area applications.

Use DryTreat penetrating sealers to seal your stone, and Hannafin cleaners to keep it beautifully maintained. Some stones may benefit from the application of Enhance Plus. Click here to read more about DryTreat Sealers & Cleaners.

### Notes

SANTAMARGHERITA® agglomerate made of marble chips and resin offers shades and aesthetical characteristics of the natural stone combining them with excellent performance. We carefully choose the most valuable materials from nature itself. They are then processed with

the latest technology to create marble collections that are perfect for embellishing and decorating interior finishes.

Some colors may have a 3-12 week lead time. Please call for inventory and details.
