### Flooring Application

Exterior Cladding, Interior Flooring, Interior Walls, Kitchen Counters, Other Counters

### Maintainance

Eff-Erayza® is an acidic cleaner for removing mineral residues including, efflorescence, grout haze, rust marks, limescale & mortar mess

### Notes

Eff-Erayza® is a new technology acid cleaner for removing efflorescence, rust stains, limescale, grout haze, mortar mess and fireplace soot. Eff-Erayza® is very powerful and generally more effective and safer to use than traditional industrial acids but does not produce noxious fumes, non-corrosive to metals (except for uncoated aluminium) and temporary contact does not burn skin.
