### **Flooring Application**

Azerocare is a revolutionary and unprecedented treatment for natural stone. Without sacrificing or affecting colors and characteristics of natural stone, Antolini's Azerocare treatment is the first ever of its kind to offer protection from etching and staining, caused by acid-based food elements, oil, fat, and grease.

### **Maintainance**

Use DryTreat penetrating sealers to seal your stone, and Hannafin cleaners to keep it beautifully maintained. Some stones may benefit from the application of Enhance Plus. [Click here to read more about DryTreat Sealers & Cleaners.](#)
